50X1-HUM

1. The truck and aircraft factory at Tezno is now working only on repairs, presumably of motor vehicles. During the past year only a "very few" new trucks were manufactured, because the essential material for producing trucks, promised by the Soviet Union to Yugoslavia, had not arrived.
2. The morale of the 3,000 employees is low because of the decreased production and the supervisory staff has been noticeably increased during September and October.
